Madiwala, Bangalore, Karnataka, India

PROFESSIONAL SUMMARY

I am a Computer Science graduate with a strong interest in starting my career as a Python Full Stack Developer. I am skilled in **HTML, CSS, Bootstrap, Tailwind CSS, JavaScript, jQuery, React.js, Python, and Django.** I enjoy solving problems, building efficient applications, and learning new technologies. I am eager to contribute to real-world projects and continuously improve my skills.

PROJECTS

- **My G Website**
  Technologies Used: HTML,CSS
  Developed a responsive website using HTML and CSS. Focused on creating a clean layout, attractive design, and smooth user experience across all devices.

- **Calculator Web Application**
  Technologies Used: HTML, CSS, JavaScript
  Built a functional and clean calculator application capable of performing basic arithmetic operations. Implemented interactive UI buttons, real-time display updates, and input handling logic using JavaScript.

TECHNICAL SKILLS

- **Languages:** Python, JavaScript, SQL(MySQL), NoSQL(MongoDB), HTML, CSS
- **Frameworks:** Django, React.js, jQuery, TailwindCSS, Bootstrap
- **Developer Tools:** Git, GitHub, VS Code

EDUCATION

- **Vimal Jyothi Engineering College** *July 2021 - April 2025*
  B Tech Computer Science and Engineering Chemperi,Kannur,Kerala,India
- **kariyad Nambiar Higher Secondary School** *June 2017 - March 2019*
  Higher Secondary Education (Science Stream) Kariyad,Kannur,Kerala

CERTIFICATES

- **Python for Beginners: Learn Python Programming (Python 3)** — Python SpringBoard
- **Python for Data Science** — IIT Madras (NPTEL) | Elite + Silver Badge
- **Introduction to Front End Development** — Simplilearn
